

SUPREME ONE100 PRO GOAL SKATE

CRITICAL ANGLE OF ATTACK

When our pro goalies started asking for a skate that wouldn't slip in a wide stance or during lateral pushes, we started asking what if? What if we cut a hole in the cowling where goalies bottom out and lose their footing? Turns out it not only worked, but no one had ever done it before. Say hello to the SUPREME ONE100, a revolutionary new goal skate with a 28% increase in attack angle. What if, indeed.

VERTEXX COWLING

Cutting a hole in the medial forefoot of the cowling results in a 28% improved attack angle and the lightest goal skate on the market. A composite patch covers the hole for pro protection.

ATTACK ANGLE

28% Increased angle from standard goal cowling.

BOOT COMFORT

Goaltenders spend most of the game on their feet, so comfort is key. Extra padding in the footbed, a longer and thicker tongue and flexible ankle collar make the SUPREME ONE100 the most comfortable skate we've ever designed.

REMOVABLE RUNNER

3mm super-strong stainless steel blade that removes with a turn of the screw.

SUPREME ONE100 Pro Goal Skate

Senior [1033576] 6-12.5, full and half; D, EE widths

Junior [1033580] 1-5.5, full and half; D, EE widths

Design Features

New VERTEXX cowling increases attack angle and reduces weight
Thermo-formable boot
Extended 52 oz. tongue
Comfort foam in footbed
Flex heel tendon collar
Vent Ports for airflow
3mm removable stainless steel runner

SUPREME ONE80 Goal Skate

Senior [1033616] 6-12.5, full and half; D, EE widths
